PENNY ICE CREAM CONES AT FOOD GIANT... Roberta Kae and Kathy Lee Belt of Hawthorne, sample penny ice cream cones with Glenn Butler, Food Giant Market Supervisor. The market is offering an ice cream cone in exchange for a penny donation to the Hawthorne Auxiliary Police Juniors Youth Fund, this Saturday, April 9 from 9:30 to 4 p.m. Food Giant is located at 423 S. Hawthorne Blvd., Hawthorne.

Penny Ice Cream Cones—First Time In 50 Years

Ice cream cones will be cheaper this Saturday than they have been in the past fifty years, that is, if you get them at the Food Giant market, 423 S. Hawthorne boulevard, Hawthorne.

The big market will be offering an ice cream cone to anyone who makes a one cent donation to the Hawthorne Auxiliary Police, Jrs.

The unusual ice cream cone offer will be available on Saturday, April 9, from 9:30 a.m. to 4 p.m., according to Glenn Butler, Food Giant supervisor.

Every person who makes at least a penny donation to the Hawthorne Police Auxiliary Juniors Youth fund will get a great big ice cream cone in return through the courtesy of

the Food Giant market. The only limitation is one cone to a person.

CONSTIPATION FAST PROVEN METHOD RELIEF IN 20 MINUTES

Learn the true facts of disease. Many people constantly complain of stomach disorders, such as gas, bloating, burning of the stomach, abdominal cramps, nausea and vomiting, when in reality, the lower part of the bowels is to blame. It is a well known fact that most distress in the abdominal region is self diagnosed as stomach trouble. This misconception is a natural one. Constipation results in the formation of large quantities of poisons that gain entrance into all parts of the body by means of the blood stream and lymph channels. The effect is the same as it would be if you were to swallow a dose of poison every day. The first and last thought in the mind of most people when they become constipated is to take a physic, yet no physic was ever made that would cure constipation. Continued use of physics leads to definite ailments of the colon itself. Stop fooling yourself. Know the true facts of disease. Life or Death can be due to neglect of your physical condition.

HEART

Over half of the deaths in the country are due to Heart and Blood Vascular disorders

GALL BLADDER

The Gall Bladder is of interest clinically only when it becomes infected or otherwise is injured. Under such circumstances it no longer concentrates bile in the normal manner but pours out a fluid which differs greatly in composition from the normal Bile; or it harbors a stone which causes trouble or perhaps when it is the site of a malignant growth. Fully one half of the patients who come to me believing they have stomach Ulcer or gastritis are really affected with some form of Gall Bladder disorder.
